TO WHOM IT MAY CONCERN

Dear Sir/Madam,

Evergreen Marketing International Pty Ltd, has been a customer of Total Package since 1997.

We have a range of packaging done through Total Package from dry good sachet packaging, numbering aprox. 1.5M, through to packing finished product into shippers ready for customer delivery.

We have always found Total Package to be very efficient, and always completing jobs in the required timeframe. We will continue to use Total Package into the foreseeable future due to their abovementioned attributes and would have no hesitation whatsoever in recommending them.

Yours faithfully
