Dear Mike & Pat

25 Years of Co-Packing

Congratulations on achieving 25 years in the packing industry, not only as packers, but also in keeping up to date and ahead of the constant imposition of regulations and standards requirements.

Our association over the past 12 years of packing 200gm steel cans has been very successful and always price competitive.

However, the most valued service to this company, over many years, has been the availability of your advice, guidance and pricing that has enabled us to direct buyers of our bulk product to you for the packing in many forms of successful finished products.

We look forward to continuing this association for many years to come.

Best wishes
Marriott (Australia) Pty Ltd

Ralph Foster
